truro dance

welcomes elementary and middle-school-aged students to grow in their knowledge of God's love, to get connected with their peers in a Christian community, and to grow in their expression of worship through dance. High-school-aged teenagers serve as student leaders, and dance throughout the year at special services.

Under the direction of Kitty Morgan, and assisted by student leaders, each week students experience a brief bible lesson, discipleship, and time for group prayer, interspersed with serious (but fun!) dance instruction and choreography.

Our prayer for this ministry is that students would develop a heart for worship, an understanding of dance as an expression of praise, and a desire to point others to Jesus.
